The introduction of the Tottenham Scheme in the --- Accounts and Treasury Sections of my office has not afforded any material relief to the subject clerks. My Treasury Deputy Collector recommends the abolition of the registering clerk and also of one of the Treasury clerks by combining the stamp work of the Accounts and Treasury Sections and says that no further reduction is feasible. He also remarks that the existing staff of one Head Auditor, three audit clerks and two special fund accountants is quite --- inadequate for an efficient audit as the work in the Audit Section has of late considerably increased on account of - the formation of three new Taluk Boards in the district -- and the change in the classification in the accounts of -- the Local Funds and recommends that the two hands of the - Accounts Section proposed to be abolished may be deputed - for work in the Audit Section until the scheme for the amal -gamation of the Audit Section with the Accountant General's Office which is under contemplation is introduced. I --- agree with him and recommend that the Board may be pleased to obtain the sanction of Government for the abolition --- of these two clerks immediately on the introduction of the scheme referred to above.

2. I have again scrutinized whether any further reduc

V

reduction in the establishment of Divisional and Taluk --- Offices is possible. All the Divisional Officers ------ recommend the abolition of the second shroff's post in -- Taluk Offices. Two of my Divisional Officers also report that the post of muchis in Taluk Offices can be abolished I recommend the abolition of the Muchi's post in Taluk and Divisional Offices. I have already recommended the ------ abolition of the second shroff of Coondapoor and Kasaragod Taluk Offices. Now I recommend the abolition of the ----- second shroff's posts in Mangalore, Udipi and Uppinangady - Taluk Offices. There is no second shroff in the Karkal - Taluk Office.

Included in Prop. S.H.A. Ego 2

3. Further reduction in the establishment of clerks and peons in Taluk Offices would be possible, if the suggestions made in my letter D.Dis.No.190-20-V2, dated 27th November 1920 in reply to Board's reference No. A 3306-20-1, dated 13th September 1920 are approved.

He should report on the working of the experiment at and ~~report at the end of the period as to how the experiment has answered~~. the end of that period.

2. Para 2 of Collr's letter. Abolition of posts of second shroffs in Talk offices and muchis in Taluk and Divl. offices. Para 1 of Board's Reference;-

My Treasury Deputy Collector considers that -- the two clerks of the Account section deputed for work in the local Audit section for six months should continue to work there till atleast the end of September -- next as the work has not yet been brought up to date. Their deputation may be allowed to continue till the - end of September next. As regards the question of -- their abolition, the Treasury Deputy Collector says -- that both should be permanently retained after the end of September next, one in the Audit Section itself and the other in the Treasury and Account Section for the following reasons:-

(1) That the present Audit Establishment was sanctioned long ago, and as there have been since many --- changes in the system of work and as separate Taluk -- Board for each taluk has now been formed, the audit -- work and the preparation of Local Fund Treasury ---- Accounts have been so considerably increased that the present staff is unable to cope with the same with any degree of promptness or efficiency.

(2) That the recent introduction of the Time Scales

of pay and the Fundamental Rules have contributed to an enormous increase in the work of the Pay Accountant in -- shape of leave accounts, establishment of initial pay etc., and that the work connected with war loans has not come to an end on the discharge of the war bonds of 1920 and 1921 but is increasing with the floating of the new loans for which alone a separate clerk will in future be necessary. I agree with the Treasury Deputy Collector and request -- that his proposals may be sanctioned.

2. Para 2 of Board's Reference - Abolition of posts of 2nd shroffs in Taluk Offices.

The Divisional Officer, Mangalore recommends the abolition of the 2nd Shroff's post in the Mangalore Taluk Office, provided the entertainment of a temporary shroff during the three kist months is permitted. This recommendation may be sanctioned as the disbursement work in the Mangalore Sub Treasury is very light. The other --- Divisional Officers object to the abolition of the 2nd -- Shroff's post in Kasaragod, Uppinangady and Udipi Taluks on account of heavy work in these offices. The abolition of the 2nd Shroff's post in Kasaragod and Coondapoor taluks was sanctioned by the Board in its Endorsement No.A 4757-21, dated 22-11-21, and as conditions have not since ---- changed, I think it is too early to reopen the question of permanently restoring it in Kasaragod Taluk. The question whether the 2nd Shroff's ~~post~~ in Udipi and Uppinangady -- taluks may be dispensed with or not may be decided after seeing the work of six non-kist months till the end of -- December next. The Treasury Deputy Collector will inspect these Sub Treasuries in this year and I am asking him to examine particularly the work of the shroffs and to see - whether a 2nd shroff is required for these offices.

A

(2)

3. Para 2 of Board's Reference - Abolition of Muchis' posts in Taluk and Divisional Offices.

A 39

The Divisional Officers of Mangalore and Puttur object to the abolition on the ground that the Muchis'-- work requires some training and that during the experi-

experimental period the work in the record room has -- greatly fallen in arrears. The Tahsildars of Karkal and Coondapoor say the same thing, but the Divisional Officer, Coondapoor is of opinion that the proposed abolition is not likely to impair the work of the Taluk Office and that if any item of work has fallen in ---- arrears, it is on account of the negligence of the --- Record clerk and not on account of the absence of a --- Muchi. I believe that the feeling of inconvenience will be only temporary and that it will be forgotten when officers adjust themselves to new circumstances. I ----- accordingly recommend that the experiment of managing without a Muchi may be tried for a further period of -- six months.

Sir,

Two of the Divisional officers in the district are of opinion that the post of Muchi in their own --- offices as well as in the Taluk offices under their -- control cannot be abolished without detriment to work. I agree with them and recommend that the proposal to - abolish these posts may be abandoned.

As regards the abolition of the second shroff's posts in Udipi and Uppinangadi Taluk offices, a copy of the detailed report from M.R.Ry. A.K. Govindan, Avl., Deputy Collector on special duty for inspection of -- Sub Treasuries is submitted herewith. For the ----- reasons stated therein, I consider that the second -- shroff's post in Udipi cannot be abolished permanent-

ly and recommend that the second shroff's post in Uppinangadi be abolished permanently and that a -- temporary 2nd shroff be employed during the kist - months.

Your D.Dis.No.4101-22-V2, dated 1st August 1922.

Retention or abolition - Second Shroff - Udipi and Puttur Sub Treasuries.

During the inspection of the Sub Treasuries at -- Puttur and Udipi I carefully examined the work of the -- shroffs in both of them. I enclose two statements ---- obtained by me from the respective Sub Treasuries showing the receipts and charges during the years 1919-20, 1920-21 and 1921-22 and two statements showing the ----- transactions in stamps during the same period ---------- (Statements A to D). It will be seen therefrom that the work in the Puttur Sub Treasury is heavy enough. Most of the time of the shroff is taken up in receiving and disbursing monies. Besides this he has to attend to work connected with the deposit and issue of stamps ---- which is heavier than in other Sub Treasuries (except Udipi) because there are transactions in postage stamps also here. In addition to these duties, there are a -- lot of registers to be maintained and returns to be ---- submitted by the shroff. With the assistance of other clerks, the Head Shroff, who is now alone owing to the - temporary abolition of the post of second shroff, has -- been managing to attend to all this work for the last -- one year with some difficulty. Though the work is ----

heavy, I do not think it is more than one shroff can manage. The Tahsildar was telling me that he had much difficulty in carrying on the work especially when the shroff is absent -- for some days together, as for instance, when he accompanies a remittance. He added that the Collector has now permitted him to employ a second shroff temporarily on such occasions. In these circumstances I consider that one shroff should be able to manage the work as he has been during the past one - year, and that the place of second shroff may now be permanently abolished.

2. As I have indicated above, the quantity of work -- the Puttur shroff has to do is practically the limit which - cannot be overstepped without committing mistakes which ---- especially in money transactions it is safe to avoid. The enclosed statements of receipts and charges (statements A & B) will show that money transactions in the Udipi Sub Treasury are much heavier than in the Puttur Sub Treasury. Statements C & D will show that transactions in stamps are also -------- considerably heavier. Moreover, Udipi is an important trade centre and a port and there is heavy exchange work for the -- shroff to attend to. Transactions with the Post office ---- under letters of credit are also much heavier in this Sub --- Treasury. I have found that owing to the heaviness of the - transactions the Sub Treasury has been closing more often --- than not after sunset. I have instructed the Head Accountant to make every possible effort to have the treasury closed --- before sunset. But in any case, the work is obviously too - heavy for one shroff to handle and I think it highly -------- desirable that the second shroff should be retained in this - Sub Treasury.

Estabt. (S.Kanara) - Reduction - Proposals.

****

A. 4707/21.

To Secy.

Para 1 of Collr.'s letter.

May be refd. to A.G. for remarks.

2. Para 2.

Collr.'s proposal amounts to reduction of posts of 3 shroffs in taluk offices, 3 Muchis in Divl. offices and 6 Muchis in taluk offices. If appd. proposition statements will be subd. to Govt. for sanction..

Para 3.

For Collr.'s suggestions see paras 3 and 5 of his letter in (M).

(a) Reduction of clerical estabts. in Tk. and Divl. offices.

The question is a general one applicable to the whole Presidency and might well deserve the attention of a spl. officer. In para 4 of its Procs. 1507 Mis. d/4-12-20 the Bd. suggested the appt. of a spl. officer to consider how work in taluk and Divl. offices can be simplified. Orders have not yet been recd. For orders.

(b) Reduction of peons in taluk offices.

This will be dealt with in C Section.

Collr. suggests that if two bicycles are supplied to each Tk.office, the No. of peons may be reduced by four in each tk. This proposal may perhaps be treated as a gl. question applicable to the Presy. and, as in the case of clerks, this may also be left to the consideration of the spl. officer referred to above.

For orders.

Para 1. I do not see much good in consulting the A.G. The Collr is a better judge of whether the Audit Section is under-staffed and of whether the Accounts can spare two clerks. Can he not make this change experimentally without our getting any formal orders from Govt ? If so, he may be told to do so and to report at the end of 6 months how the experiment has answered: if it is satisfactory we can then get sanction for making it permanent. A

Para 2. Why cannot he experiment also with the second shroffs & the muchis, creating vacancies as soon as possible and not filling them up: if after a little experience it proves that their absence is not a disadvantage the change can be made permanent - and we shall have good ground for requiring other districts to follow suit.

Para 3. A peons pay is probably more than the cost of a bicycle: if so, it is a decided economy to replace two peons by one bicycle, though the life of a bicycle in a Taluk office would, I fear, be short. This is also a matter for experiment, but one which we can not make without the sanction of Govt since it involves expense. Recommend to Govt that the experiment may be made in four Taluks, on the condition that the bicycles shall not be bought until it is possible to get rid of a corresponding number of peons, and that its application to other districts be considered after a years experience in those four taluks of S.Canara.

Para 1:

On the circumstances reported by the Coll the two clerks may be allowed to be retained personally after September 1921 for order

Para 2 — Shroffs

The posts of second Shroffs in Kaira and Godhra Tks have already been abolished. Kaira has no second Shroff. As regards Godhra & Uttemandi Tks the Coll proposes to experiment by selling the work of six non-Kist months in the Kist months. This may be approved.

The proposal to abolish the second Shroff in the Mahalkari Tks & entertain temporary Shroffs during the three Kist months will be dealt with in B. Sec.

Para 3. — Muchis

The experiment may be tried for a further period of six months.
